**TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:**

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other: The amendments to Claim 9 still do not properly reflect all of the changes made relative to the immediate prior version of the claims as required by 37 CFR 1.121(c)(2). Specifically, in the preamble, in line 1 of the claim, the text "and video stream" has been deleted without proper indication of the deletion shown by the text with strikethrough. In the limitation "receiving authorization information with a first conditional access receiver" in line 3 of the claim, "the video stream" has been replaced by "authorization information" without any indication using underlining for the added text and strikethrough for the deleted text. In the limitation "blocking access to the separately received content object by the second set top receiver", at line 16 of the claim, the word "receiver" is underlined, but it was already present in the claim and not newly added, and the text "based at least in part, upon the" is both struck through and underlined, making it unclear whether it is to be added or deleted.
